### **About Agile Therapeutics, Inc.**

Agile Therapeutics is a women's health specialty pharmaceutical company focused on the development and commercialization of new prescription contraceptive products. Our product candidates are designed to provide women with contraceptive options that offer greater convenience and facilitate compliance. Our lead product candidate, Twirla®, (ethinyl estradiol and levonorgestrel transdermal system), also known as AG200-15, is a once-weekly prescription contraceptive patch currently in Phase 3 clinical development. Twirla is based on our proprietary transdermal patch technology, called Skinfusion®, which is designed to provide advantages over currently available patches and is intended to optimize patch adherence and patient acceptability.

### **Forward-Looking Statement**

Certain information contained in this press release includes "forward-looking statements" within the meaning of The Private Securities Litigation Reform Act of 1995, including statements related to our public offering and potential market opportunity for our product candidates.
