# Forward-Looking Statements

Certain information contained in this presentation and other matters discussed today or answers that may be given in response to questions may include “forward-looking statements.” We may, in some cases, use terms such as “predicts,” “believes,” “potential,” “continue,” “estimates,” “anticipates,” “expects,” “plans,” “intends,” “may,” “could,” “might,” “will,” “should” or other words that convey uncertainty of future events or outcomes to identify these forward-looking statements.

In particular, the Company’s statements regarding the market availability and uptake of Twirla®, our projected cash position, the expected effects of COVID-19 on our business and the expected structure of our commercialization plan for Twirla are examples of such forward-looking statements. These forward-looking statements are subject to important risks and uncertainties, including, but not limited to, risks related to our ability to maintain regulatory approval of Twirla, the ability of our third party manufacturer, Corium, to produce commercial supply in quantities and quality sufficient to satisfy market demand for Twirla, our ability to successfully commercialize and obtain market access for Twirla, the successful development of our sales and marketing capabilities, the accuracy of our estimates of the potential market for Twirla, our ability to achieve our target formulary access goals, regulatory and legislative developments in the United States and foreign countries, our ability to obtain and maintain intellectual property protection for Twirla, our strategy, business plans and focus, the effects of the COVID-19 pandemic on our operations and the operations of third parties we rely on as well as on our potential customer base, unforeseen market factors or events in our clinical, regulatory and manufacturing development plans, and other factors, including general economic conditions and regulatory developments, not within the Company’s control.

These factors could cause actual results and developments to be materially different from those expressed in or implied by such statements. These forward-looking statements are made only as of the date of this presentation and the Company undertakes no obligation to publicly update such forward-looking statements to reflect subsequent events or circumstances. For additional information about the risks and uncertainties that may affect our business please see the factors discussed in “Risk Factors” in the Company’s periodic reports filed with the SEC.

# Who We Are

- A commercial-stage company dedicated to building a robust Women's Health Franchise
- Launched Twirla® (levonorgestrel and ethinyl estradiol) transdermal system, our first FDA-approved product, in December 2020
  - A new non-daily, non-invasive contraceptive patch
  - Lowest dose of estrogen available in a transdermal option, along with a 120 mcg daily dose of levonorgestrel, a well-known progestin with a long history of use in the category
  - Twirla enters a \$4.1B addressable market

	<p><b>Weekly Contraceptive Patch</b></p> <hr/> <p><b>\$4.1B</b></p> <p><b>Addressable Market</b></p>	
------------------------------------------------------------------------------------	------------------------------------------------------------------------------------------------------	--------------------------------------------------------------------------------------

Twirla is indicated as a method of contraception for use in women with a BMI < 30 kg/m<sup>2</sup> for whom a combined hormonal contraceptive is appropriate. Consider Twirla's reduced effectiveness in women with a BMI ≥ 25 to < 30 kg/m<sup>2</sup> before prescribing Twirla. Twirla is contraindicated in women with a BMI ≥ 30 kg/m<sup>2</sup>.

# U.S. Hormonal Contraceptive Market is a Significant Opportunity

\$5.7 Billion U.S. Contraceptive Market (2019 Estimates)

Combined Hormonal Contraception (CHC)	Progestin-Only (P-Only)	Long-Acting Reversible Contraception (LARC)
CHC Pill, Ring, Patch	P-only Pill, Injection	IUD, Implant
<b>\$4.1 Billion</b>	<b>\$300 Million</b>	<b>\$1.3 Billion</b>

CHC Pills + Ring + Patch =  
**\$4.1 Billion**  
 Potential Addressable Market for  
 Twirla™

**Twirla WAC of \$159.75**  
 vs Top-16 branded CHC products of  
 approximately \$169 avg. per unit  
 or month of contraception

# Agile's Corporate Strategy: Become a Leader in Women's Health

**Short-Term Goal** - Establish Agile in the prescription contraceptive market with Twirla, our first FDA-approved product

**Long-Term Mission** - Broaden our women's health portfolio, including in areas of unmet medical need

Establish Agile in  
Contraceptive Market  
with Twirla

Become  
Contraceptive Market  
Leader

Broaden Women's  
Health Portfolio in  
Areas of Unmet Need

# Agile's Women's Health Mission Starts with Contraception

WHY CONTRACEPTION?	Women use contraception for an average of 30 years, and nearly all women use contraception at some point <sup>1,2</sup>
	Nearly half of pregnancies in U.S. women are unintended <sup>3</sup>
WHY DO WOMEN NEED MORE BIRTH CONTROL OPTIONS?	Nearly half of unintended pregnancies are due to inconsistent and/or improper use of contraception <sup>4</sup>
	Women's individual preferences for contraceptive methods vary and change across their lifetimes as their needs change <sup>5</sup>
	Women are more consistent with contraceptive use and stay with a method for longer when using a method of their choosing <sup>4</sup>

# Twirla Designed to Fill A Hormonal Birth Control Market Need

# Critical Customer Insights: HCP

**OB/GYNs and NPs/PAs invest significant time into contraceptive counseling** to inform patient shared decision-making approach.

**There is a “method gap” between OCPs and LARCs** where Twirla can fit in.

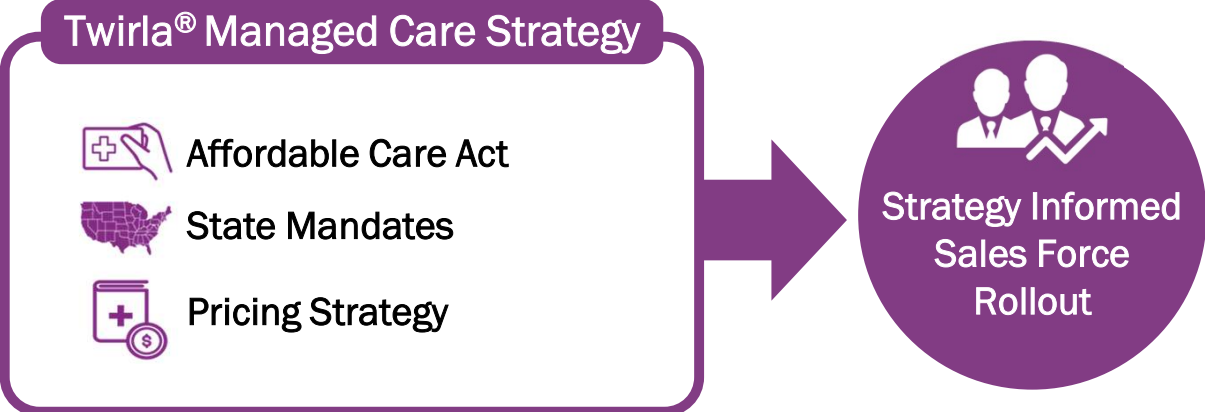

**The TWIRLA clinical trial design and diverse study population help overcome historic “Patch Baggage”** and skepticism, allowing HCPs to provide representative data to more of their patients.

# HCP Flexible and Adaptable Launch

# Managed Care Strategy: Minimize Access Barriers

Top 20 Commercial Payers (MM Lives)

# Minimize Access Barriers for Patients and Providers by Obtaining Rapid Formulary Positions (\$0 Co-Pay)

- Current negotiations underway with all key PBMs/health plans to secure rapid formulary reviews
- Achieved ~50% formulary access at launch
  - Target Goal: 85% formulary access by end of 2021
- Market access support at launch
  - Education and third-party support to assist HCPs with immediate submission of medical need requests for no-cost coverage
  - Co-Pay card reimbursement assistance for limited/no out-of-pocket costs
  - Full-month sample supplies for patient trial

# Partnership with Ashfield Market Access to Support Reimbursement Strategies and Execution

- Contraceptive class behaves differently from most other categories as a result of contraceptive mandates at both the federal and state levels
- A limited number of PBMs and their associated health plans control the majority of prescriptions for contraception
- Limited management within the category, however each PBM/plan has its own processes and policies in place related to timing of formulary reviews for new products
  - Approximately 90-180 days from product availability to review

# Ten States Require Contraceptive Coverage of All FDA Methods and Prohibit Restrictions and Delays

**KFF**  
HENRY J. KAISER  
FAMILY FOUNDATION

Source: Kaiser Family Foundation State Health Facts

# The Affordable Care Act (ACA) Was Designed with Goal of Enabling Women to Access Contraceptives at No Cost

- Federal Contraceptive Mandate requires coverage of a minimum of one option in each of 18 contraception categories, of which patch is included.
- If a provider recommends a specific product, plans must cover it without cost-sharing.

# We Are Providing Tools to Help Patients with Limited Coverage to Twirla

ACA education and letters of medical necessity will be provided to prescribing HCPs.

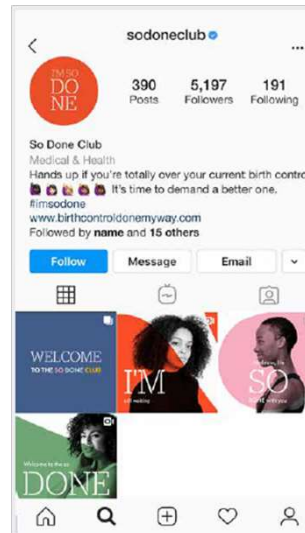

Since plans are required to have a “waiver” process for women who have a medical need for contraceptives, our reps will provide educational support on the ACA to HCPs who wish to prescribe Twirla to patients without coverage.

A Twirla Co-Pay card reimbursement assistance will be available to offer limited/no out-of-pocket costs.

As little as \$0 co-pay assistance offered for the first month's fill of Twirla, with as little as \$25 co-pay assistance following for each of the next 5 months.  
This will allow HCPs time to request coverage under the ACA.

# Unbranded Campaign: “I’m So Done”

Images for illustrative purposes only.

I'm so done with worrying so much ♦ I'm so done with not knowing my options ♦ I'm so done with kale  
♦ I'm so done with diaphragm's whole put-it-in, take-it-out process ♦ I'm so done with dieting ♦  
I'm so done with winter ♦ I'm so done wondering if \_\_\_\_\_ ♦ I'm so done following the crowd

# Unbranded Campaign Ecosystem

Each tactic will have its own user path, but ultimately the goal of the campaign is to educate engagers on their birth control options and enter them into the CRM system.

# Support Resources are Available for All Twirla Patients

## Nurse Educator Support

Dedicated Twirla Nurse Educators available as not only the entry point for patch replacement requests, but also for questions about Twirla

## Patch Replacement Program

For eligible patients, convenient access to a Twirla patch replacement, at no additional out of pocket cost to the patient, with home delivery

## “The Loop”: Insight-Driven Content

The Loop will live within the Twirla.com website and offer support, resources and ever-changing fun content to keep Twirla top of mind as women navigate through their birth control journey

# Critical Customer Insights: Patient

**Her life is full by design** and she desires a birth control method that enables her to remain active and on-the-go.

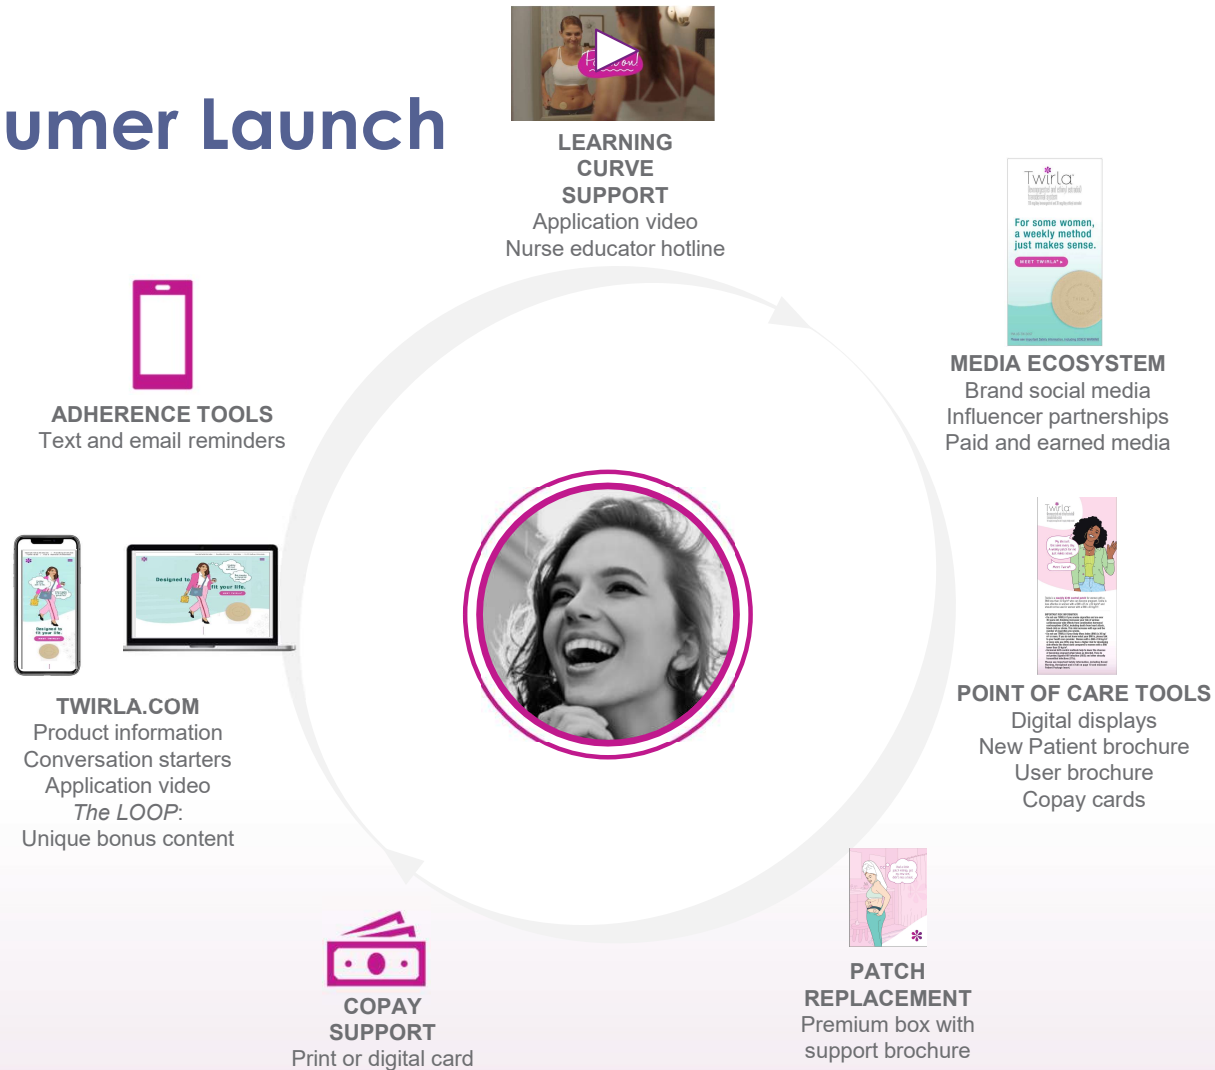

**She has birth control discussions with her trusted friends** — a key source for her information about various methods and side effects.

She is hindered by the **same-time-every-day pill burden** and **finds invasive methods unsettling.**

# 360° Consumer Launch

# AGRX 2020 Financial Snapshot

## Operating Expenses

- As of November 6, 2020, the Company narrowed its operating expense guidance for the full year 2020 to be in the range of \$52 million to \$54 million, with general and administrative expenses accounting for approximately 70% of the spending as we build out our commercial infrastructure. The Company's operating expense guidance includes \$2.7 million to \$3 million of non-cash stock compensation expense.

## 2020 Revenue

- The Company expects its gross revenue in the fourth quarter of 2020, reflecting expectations of initial stocking of Twirla by wholesalers, to be approximately \$1 million.

# Access to Capital/Cash Guidance

Based on the Company's current business plan and ongoing launch of Twirla, the Company believes its estimated \$54.5 million of cash, cash equivalents, and marketable securities as of December 31, 2020 (unaudited) will be sufficient to meet its projected operating requirements through the end of 2021.

## PERCEPTIVE ADVISORS DEBT FACILITY

---

### **\$35.0 Million debt facility signed February 10, 2020**

- \$20 million disbursed
  - \$5 million in proceeds at signing
  - \$15 million in proceeds at Twirla® approval
- Additional \$15 million potentially available in 2021

## SHARES OUTSTANDING

- 
- Approximately 87.6 million common shares outstanding as of December 31, 2020
  - The Company filed a new universal shelf registration statement with the SEC for the issuance of common stock, preferred stock, warrants, rights, and debt securities

# Strategy To Enhance Shareholder Value

The Company believes that building a U.S. women's health franchise on the foundation of Twirla's commercial success can enhance value for our shareholders. A successful launch of Twirla is our primary focus.

- Reevaluation and potential development of our internal pipeline candidates will commence in 2021
- We are open to potentially acquiring news assets to expand our reach in women's health

We have sought out and will continue to explore partnerships and opportunities that leverage our existing infrastructure:

- Co-promotion within the U.S.
- Partnerships outside of the U.S.
- Any other opportunities that will enhance shareholder value
